

Simon Shen

Chief Executive Officer New Kinpo Group

In 2008, Simon Shen became CEO of New Kinpo Group, the parent company to Kinpo Electronics, Cal-Comp Electronics and Communications, and AcBel Polytech. In his role he leads more than 40,000 employees and over the past five years he has successfully maintained sales revenue in existing OEM and ODM businesses as well as developed new product lines across new consumer electronics categories including external hard disk drive, network-attached storage, TV set-top-box, all-in-one PC, laser printer, electronic keyboard, floor-sweeping robotic, and LED lighting. Under the leadership of Shen, New Kinpo Group's revenue increased by 12 percent in five years.

Additionally, during his tenure as CEO, Shen has led the acquisition of two new plants in Singapore and the U.S., constructed manufacturing sites in Malaysia and Brazil, and added manufacturing sites in the Philippines and Mexico. Currently Shen is focused on launching two New Kinpo Group brands, XYZprinting and Cal-Comp Biotech, to the global market.
